

## SUMMARY

I am a highly skilled and accomplished Senior .NET Full-Stack Developer with over 10 years of experience in the software development industry. Proficient in both front-end and back-end technologies, I excel in designing and delivering robust web applications. My expertise includes VB.Net, C# and ASP.Net, .NET Framework, and database management with SQL databases. I am well-versed in Agile methodologies, and maintaining code quality through testing and reviews. I have a track record of leading teams, mentoring junior developers, and consistently delivering high-quality software solutions on time and within budget.

## EDUCATION

### University of Lahore

Master's in Computer Science  
2011 – 2013

### Govt. College Of Commerce

B. com  
2008 – 2010

## SKILLS

- Vb. Net
- C#
